All FTB Tax Forms

Introduction

The Franchise Tax Board (FTB) prescribes the format of California tax returns, schedules, statements, and declarations. California Revenue and Taxation Code Section 18621.5 gives FTB the authority to approve or reject any substitute or scannable tax form that is commercially printed, computer-produced, or computer-programmed that does not meet the guidelines mentioned in this publication or that would cause processing problems. In exercising this authority, FTB's primary objectives are to ensure that the tax forms:

- Are compatible with FTB's automated processing and system needs.
- Result in the accurate assessment of the taxpayer's tax liability.
- Present information in a uniform pattern.

These guidelines are for computerized tax processors, developers of tax software, computer programmers, commercial printers, and others (hereafter referred to as CTPs) who develop and use substitute, scannable, paperless Schedules K-1 (565 and 568), and reproduced tax forms, or who must get FTB's approval of their substitute, scannable, and reproduced tax forms.

Unless stated otherwise, the term "form" as used in these guidelines includes tax returns, schedules, statements, and declarations.

What's New for 2005

Form Year Indicator

Change the Form Year Indicator on all substitute and scannable forms to "05." Exception: For scannable Forms 100-ES, 540-ES, 541-ES, and FTB 3522, use "06."

New Business Entity Vouchers and the Scannable Format

For 2005, FTB adds Business Entity voucher FTB 3586 to the existing pool of BE and PIT scannable vouchers FTB 3519, 3522, 3537, 3538, 3539, 3563, 3582, and Forms 100-ES, 540-ES, and 541-ES, and scannable Form 540, that FTB will support in a scannable format. In an effort to expedite processing, reduce costs, and minimize manual intervention, **we request that software companies no longer produce or support these forms in a format other than scannable.**

New Forms

Scannable form FTB 3586, Voucher for Corp e-filed Returns.

Form FTB 3511, Environmental Tax Credit.

Schedule W-2 CG, Taxpayer Wage and Withholding Summary. Replaces Schedule W in a substitute format.

Form FTB 8453-C, California e-file Return Authorization for Corporations. New for corporations that e-file their Form 100.

Obsolete Forms

Form FTB 3504 – Long-Term Care Credit.

Form FTB 3535, Manufacturers' Investment Credit. Taxpayers with a carryover credit will use form FTB 3540, Credit Carryover Summary.

Schedule W, California W-2 Attachment.

Format Changes

- Prior Name Line – personal income tax returns only. If taxpayer and spouse, if any, filed their last year's tax return under a different name, enter the last name only from the last year's return. This will improve taxpayer recognition.
- Mental Health Services Tax line (2004 voter-approved Proposition 63), personal income tax returns only.
- All "Step" number designations on personal income tax returns are deleted.
- Estimate and extension scannable vouchers (Forms 100-ES, 540-ES, 541-ES, FTB 3519, 3522, 3537, 3538, 3539, and 3586) no longer contain an OCR line. We removed all references to the OCR line from this publication.
- We moved "When and Where to File" text on PIT estimate and extension vouchers, to boxes above the voucher (same format as BE vouchers).

Legislative Changes

AB 115, Conformity, (Stats. 2005, CH 691), includes new Environmental Tax Credit.

AB 190, Voluntary Contribution, (Stats. 2005, CH 160) CA Sexual Violence Victim Services Fund.

AB 357, (Stats. 2005, CH 143) Voluntary Contribution, Veterans' Quality of Life Fund.

AB 483, (Stats. 2005, CH 161) Extends California Peace Officer Memorial Foundation Fund sunset date.

AB 819, (Stats. 2005, CH 697) Voluntary Contribution, CA Colorectal Cancer Prevention Fund.

Voluntary Contributions

Three new voluntary contributions are added to Forms 540, 540 2EZ, Long and Short 540NR and official Forms 540A and 541.

Veterans' Quality of Life Fund

Contributions will be allocated to the Morale, Welfare, and Recreation Fund to provide additional funding for each of the veterans' homes.

California Sexual Violence Victim Services Fund

Contributions will be allocated to the State Department of Health Services for allocation to the California Coalition Against Sexual Assault (CALCASA) for the award of grants to support CALCASA rape crisis center programs for victims of rape and sexual assault.

California Colorectal Cancer Prevention Fund

Contributions will be allocated to the State Department of Health Services for making grants to foundations that qualify as exempt organizations and whose mission is the prevention and early detection of colorectal cancer. The grants shall contribute toward the expansion of community-based colorectal cancer education and culturally sensitive and appropriate prevention activities targeted toward communities that are disproportionately at risk or afflicted by colorectal cancer.

Two Voluntary Contributions are Removed:

California Missions Foundation Fund

Asthma and Lung Disease Research Fund

Important Reminders

Fax Resubmission Tracking Sheet

A *Fax Resubmission Tracking Sheet* will accompany the fax that we send to you with our review comments for those forms requiring re-work or revisions. We ask that you include this sheet with your faxed resubmission copies or hard copies. This will ensure proper recognition of resubmitted forms and more timely turn around to you.

“Amount of Payment” – Exception for all Estimate Vouchers

To better meet the taxpayers' expectations and enable FTB to optimize efficient processing of scannable estimate vouchers (Forms 100-ES, 540-ES, and 541-ES), we will allow software programs to leave the taxpayer's “Amount of payment” dollar amount blank. This provides a solution for those taxpayers who determine their estimate payment amount at a later date allowing them to enter the payment amount by hand.

Military and Disaster Designations

We are requesting special programming in the Entity Area of the scannable Form 540 to identify all taxpayers with a disaster or military special processing requirement. In addition to taxpayer instructions to write the disaster or military special circumstance, in red, in the top margin on Side 1, the Entity Area of scannable Form 540 contains two separate fields for software to print the words “Disaster,” “Military,” or both. For details about how to program these new fields, see the scannable Form 540 specifications that begin on page 32.

FTB Pub. 1095D, *Tax Practitioner Guidelines for Computer-Prepared Returns*, includes specific instructions about how practitioners should handle their clients' Disaster/Military special processing needs

Use of Hyphens in Street Address Field

FTB allows the use of hyphens in the taxpayer's street address field **only**. Use hyphens in this field on all personal income tax and business income tax forms and vouchers (scannable and substitute versions).

Definitions of Substitute, Scannable, and Reproduced Tax Forms

Substitute Tax Form

A form, other than the official FTB form, that is:

- Computer-produced.
- Computer-programmed, including paperless Schedules K-1 (565 and 568) (magnetic media).
- Commercially typeset and printed.

FTB must be able to process substitute tax forms in the same manner as the official “handprint” forms. Substitute tax forms that are electronically processed must be compatible with FTB's automated system. Therefore, substitute tax forms that are electronically processed must duplicate the appearance and layout of the official form including size of margins, special keying symbols, line numbers, and code numbers.

Scannable Tax Form 540

FTB will process all scannable returns (nonremit and remit) on FTB's automated imaging system. Scannable Form 540 is similar to the official Form 540, California Resident Income Tax Return, with the following exceptions on Side 1:

- 1) The taxpayer entity information layout.
- 2) A scannable band area that contains the taxpayer's tax data and tax preparer's ID (FEIN and/or SSN/PTIN) number.

The remaining layout of scannable Form 540 is like the official Form 540. See “**Scannable Form 540**” on page 23 for more information.

Scannable Vouchers (Forms 100-ES, 540-ES, 541-ES, and FTB 3519, 3522, 3537, 3538, 3539, 3563, 3582, and 3586)

The FTB will process all BE and PIT scannable vouchers on FTB's automated imaging system. The scannable vouchers are similar to their official counterparts, with the following exception:

- A taxpayer entity information layout.

Voucher Size

Vouchers should measure 3½" x 8½". To ensure that the “height” of a voucher is no larger than 4 inches, FTB will measure from the “DETACH HERE/DO NOT MAIL” line to the edge of the bottom margin. FTB will not approve any voucher that is more than 4 inches in height.

Reproduced Tax Form

A photocopy (or scanned image) of the official FTB form.

“DO NOT FILE” Message Requirements

If your company releases a software package that includes **any** substitute or scannable form that does not have FTB approval, a “DO NOT FILE” message **must** print on the form in the taxpayer entity area and, if applicable, signature area.

The “DO NOT FILE” message **must** be large enough to deter users from “whiting it out” and filing the form. FTB will not provide specifications for “building” the “DO NOT FILE”

“DO NOT FILE” Message Example**Sign Here**

It is unlawful to forge a spouse's signature.

Joint return?
See instructions.

Under penalties of perjury, I declare that I have examined this return and to the best of my knowledge and belief, it is true, correct, and complete. **6**

Your signature

Spouse's signature (if filing jointly, both must sign)

Daytime phone number

X

X

Date

Paid preparer's signature (Declaration of preparer based on all information on which preparer has any knowledge)

Paid Preparer's SSN/PTIN

Firm's name (or yours if self-employed)

Firm's address

FFIN

Side 2 Form 540 c1 2005

54005206613

FILE” message example shown on this page, or develop their own. **Note:** Companies that choose to develop their own “DO NOT FILE” message must keep the size and type style similar to the example shown on this page.

Companies do **not** need to print the “DO NOT FILE” message on forms with FTB approval. However, each company **must** submit one example of how its “DO NOT FILE” message will print on any form released before it has FTB approval.

For a list of forms that must include the “DO NOT FILE” message, see **“Forms That Require FTB Approval”** beginning on page 7.

Who Must Get Approval for Substitute, Scannable, and Reproduced Tax Forms

Substitute and Scannable Forms

Any company, including commercial printers or business forms companies, that develop and use substitute and/or scannable tax forms must get approval from FTB. For a list of forms that require FTB approval, see **“Forms That Require FTB Approval”** beginning on page 7.

The company must get approval from FTB if it develops:

- Substitute and/or scannable tax forms using its own tax software programs.
- Tax software programs to be used with substitute and/or scannable tax forms developed by another company.
- Substitute and/or scannable tax forms for other companies to use with their tax software programs.

The company must get forms approval from FTB annually, **before** it releases or distributes substitute and/or scannable tax forms (that require FTB approval) to its customers or clients.

Companies submitting Schedules K-1 (565 or 568) in a paperless format, must use FTB's free K-1 TestWare. For more information, see **“Guidelines for Developing Substitute Schedules K-1 (565 and 568)”** on page 22.

If your company is described above, your customers or clients do not need to get additional approval from FTB to use your FTB-approved substitute and/or scannable tax forms. However, they should verify that your substitute and/or scannable tax forms have FTB approval.

Examples of customers or clients who should verify FTB approval, by asking you for a copy of your FTB approval letter(s), are:

- Tax practitioners who purchase software that produces substitute and/or scannable tax forms;
- Tax practitioners who purchase substitute and/or scannable tax forms from commercial printers or business forms companies; and
- Software providers who sell the products of tax software developers who design substitute and/or scannable tax forms.

Reproduced Tax Forms

FTB will accept reproductions of official handprint forms without FTB approval if the reproductions are:

- Facsimiles of the official form produced by photo-offset, photoengraving, photocopying, or other similar reproduction processes.
- Facsimiles of scanned images of the official form.
- Printed with black ink on white paper of substantially the same weight, texture, and quality as the official forms.
- Legible in both the original text of the form and the filled-in data.
- The same dimensions as the official form, including the paper and the image reproduced on it.

The signatures on the reproduced forms must be original.

FTB will accept one-sided reproduced tax forms even if the official form is two-sided. However, FTB prefers two-sided reproduced forms that result in the same page arrangement as the official form.

Taxpayers may not file reproduced tax forms that do not meet the preceding guidelines. FTB considers reproduced tax forms that deviate from the official forms to be substitute tax forms.

(continued on page 9)

Forms That Require FTB Approval

Number of forms that you **must submit**:

- **Scannable Form 540:** Submit 3 different scenarios (3 original samples of each different scenario).
- **Scannable PIT and BE Vouchers:** Submit 3 different scenarios (3 original samples of each different scenario).
- **All other forms:** Submit 2 original samples (same scenario is acceptable).

Form	What FTB will review
Form 100	form, keying symbols, document ID, bottom registration marks, source code "04"
Scannable Form 100-ES *	conventional form, line geometry, entity data placement, tax data placement, document ID, form size, bottom registration marks, source code "06"

FTB 9000R	form, three-digit CTP ID in upper left-hand top margin
SCH CA (540)	form, shading, document ID, bottom registration marks, source code "04"
SCH CA (540NR)	form, shading, document ID, bottom registration marks, 4-digit decimal placement on Side 2, line 44, source code "04"
SCH K-1 (100S)	form, shading, keying symbols, document ID, bottom registration marks, source code "04"
SCH K-1 (541)	form, shading, keying symbols, document ID, bottom registration marks, source code "04"
SCH K-1 (565)	form, shading, keying symbols, document ID, bottom registration marks, source code "04"
SCH K-1 (568)	form, shading, keying symbols, document ID, bottom registration marks, source code "04"
SCH P (100)	form, shading, keying symbols, document ID, bottom registration marks, source code "04"
SCH P (100W)	form, shading, keying symbols, document ID, bottom registration marks, source code "04"
SCH P (540)	form, shading, document ID, bottom registration marks, source code "04"
SCH P (540NR)	form, shading, 4-digit decimal placement on Side 2, line 38 and line 42, document ID, bottom registration marks, source code "04"
SCH P (541)	form, shading, document ID, bottom registration marks, source code "04"
SCH R (includes SCH R-7)	form, keying symbols, document ID, bottom registration marks, source code "04"
SCH W-2 CG	form, document ID, bottom registration marks, source code "04"

* Form **must** print at the bottom of the paper. Scannable Forms 100-ES, 540-ES, and 541-ES: Do not print more than one voucher per sheet of paper.

All forms must have the bottom margin registration marks, if applicable, and must include the correct document ID string. When two official forms print on the same sheet of paper, the form on top is the form number used in the document ID string.

For example: Schedule D (540)/FTB 3885A Use: "D540" as the 'Doc ID Number' in the document ID string.

Companies may program multiple official forms that print on the same sheet of paper to print on separate sheets of paper. The forms may print at the top of the paper; however, the bottom registration marks must print on print line 62. The document ID string must include the applicable form number in the string and must print on print line 63.

(continued on page 9)

For example: You may program FTB 3885A to print on a separate sheet of paper at the top of the paper. The bottom registration marks must print on print line 62 with "3885A" as the 'Doc ID Number' in the document ID string.

See "**Form Number to Use in Document ID String**" on page 11, for a complete list of FTB forms and the correct 'Doc ID Number' to use.

Also see "**Samples of Internal Control Number (ICN) Placement, Bottom Line Registration Marks, and Document ID Placement**" on page 10 for more information.

Please note the following:

- Computer-generated forms DO NOT require hand-constrained monetary boxes or combed lines for alpha characters (i.e., name and address).
- Companies do **not** need FTB approval to use forms not shown above. However, companies must abide by the substitute tax forms guidelines in this publication.
- Forms that don't have bottom margin registration marks and a Doc ID **must** include the company's three-digit CTP ID in the upper left-hand margin on all sides of the form.

(continued from page 6)

Please note the following:

- Your customers and clients may not reproduce scannable tax forms or vouchers to fill-in by hand. Scannable tax forms and vouchers are strictly for your customers and clients that use a computer to prepare their clients' tax returns.
- Publishers may reduce the size of the official forms to make them suitable to fit in bound reference material. However, publishers must clearly state on the forms: **"DO NOT FILE THIS FORM."**
- Do **not** include scannable tax forms or vouchers in CD-ROM "Reader" or Library products that your customers will use to print and fill-in by hand.

Bottom Margin Registration Marks and Document ID Specifications

Bottom Margin Registration Marks – (For all forms.)

- Use a .25 (1/4) line weight rule at print line 62, at position 6 through 28; and at position 57 through 80 (See "**Note**" below.)
- Use a 2-point rule (bold) at print line 62, between position 30 through 35 and position 50 through 55.
- A vertical bold line (2-point rule) at vertical position 35 and 50 at print line 62; end at print line 63.

Note: If your company cannot program a .25 (1/4) line weight rule, use a 1-point rule for these positions. See page 10 "**Samples of Internal Control Number (ICN) Placement, Bottom Line Registration Marks, and Document ID Placement.**"

Please note the following:

- All bottom margin registration marks (brackets) are a 2-point rule.
- Where possible, allow at least 1/8 of an inch of white space around the bottom margin registration marks. Otherwise, 1/16 of an inch is acceptable.
- Companies may omit instructional text that begins above or below the form on Side 1, Side 2, etc. However, the bottom margin registration mark and document ID string **must** remain as shown on the official form.

Samples of Internal Control Number (ICN) Placement, Bottom Line Registration Marks, and Document ID Placement

- **Side 1** – Example of ICN placement in top margin. Required on scannable Form 540 and substitute Forms 540 2EZ and Long and Short 540NR.

6 80

For Privacy Act Notice, get form FTB 1131.

Sample ICN → CA540110605
FORM

California Resident Income Tax Return 2005 **540 C1 Side 1**

Fiscal year filers only: Enter month of year end: month _____ year 2006.

- **Example of Bottom Line Registration Marks and Doc ID** – To use on Side 1 of all substitute forms and vouchers. To be used on side 2 of ALL forms and vouchers.

Note: Example includes the document ID string with CTP ID and sample ICN placement.

6 28 30 35 50 55 57 80

For Privacy Act Notice, get form FTB 1131.

Document ID (Position of contents within the “string”)

All substitute and scannable tax forms **must** contain a document ID string in the bottom margin. Center the document ID string between the open space in the bottom registration mark (between print positions 35 and 50). There **must** be at least one blank space that prints **before** and **after** the document ID string in this open space.

Note: Exact placement of the document ID string will vary due to the length of the ‘Doc ID Number.’

Position	Contents
1-5	Doc ID Number (540, 3805P, etc.)
6-7	Tax year (2 digits, i.e., “05”)
8	Side/Page number (1-digit number, exclude text)
9-10	Source code (“04” = substitute form “06” = scannable form)
11-13	CTP ID (Use the FTB-assigned three-digit number.)

- If the Doc ID Number is less than five (5) positions, compress the document ID string. **Do not** add spaces to fill the remaining positions. **Do not** use punctuation. **Example:** Form “592-B” is four (4) characters. Tax software companies must program the document ID “string” to print: “592B05104XXX” (The three “Xs” represent the three-digit CTP ID.).
- Those forms without bottom line registration marks and a Doc ID (eg., FTB 9000H) must print the company’s three-digit CTP ID in the upper left-hand margin on all sides of the form.
- If the form is single-sided (no second side as on vouchers), the document ID string will print on the side with form/instructions. Identify side number in document ID string as “1.”
- Multi-sided/paged forms must have a document ID string on all pages. **Exception:** Companies are not required to print the bottom registration marks and document ID string on Side 2, 3, etc., if it contains instructions only.
- The document ID string must contain the year of revision (i.e., 05 for 2005 tax year forms). **Exception:** Scannable estimate vouchers (Forms 100-ES, 540-ES, 541-ES, and LLC Tax Voucher, FTB 3522) will use “06” as the tax year in the document ID string.
- Companies **must** maintain all margins.

Font to Use for Document ID

Courier font 12-point. **Do not use bold font.**

How Does the Forms Approval Process Work?

1. Complete and submit form FTB 1096, *Agreement to Comply with FTB Pub. 1098*, on an annual basis. Mail it to the address shown on the form or send by fax to (916) 845-4788. Paperless Schedules K-1 (565 and

568) developers, see page 20 for additional instructions. Once FTB receives your company’s completed form FTB 1096, FTB will:

- Assign your company a three-digit CTP ID number, if your company is new to the program. Otherwise, companies keep and use the same number previously assigned.
- Acknowledge receipt of form FTB 1096 and provide the current year password to access the CTP Restricted Directory web page on FTB’s Website.
- Add your company’s name to the Substitute Forms Program mailing (email) list to receive advance drafts and final proofs of California tax forms and instructions (and other pertinent information that your company may need).
- Publish your company’s name in FTB’s **Tax News** newsletter as participating in the Substitute Forms Program. (**Tax News** is a bi-monthly publication subscribed to by tax practitioners, Enrolled Agents, CPAs, etc.)

2. Submit all forms that require approval to FTB for review before you distribute or release them, or related products, to your customers or clients. See the “**DO NOT FILE Message Requirements**” that begin on page 5 and “**Submitting Forms to FTB for Approval**” on page 13 for more information.

Do not submit forms for review until FTB posts the final version on the CTP Restricted Directory web page.

When we receive your company’s review package, we will acknowledge receipt by sending an email or fax to your company’s contact person. We will attach a letter that will include the following information:

- Company contact name;
- Company name;
- Review package cover letter date;
- The expected review completion date;
- The contents of the review package.

When we complete our review, we will email or fax an approval letter to the company’s contact person.¹ The letter will include a list of the form(s) sent and the review results will indicate “approved as is,” “approved, if corrected,” or “disapproved.” The email or fax will also include a copy of any form(s) that need corrections along with a *FAX Resubmission Tracking Sheet*.

Please note the following:

- Companies **do not** have to resubmit forms with an “approved, if corrected” result. However, companies **must** make all necessary corrections before they release those forms to their customers or clients.
- If the results of the review indicate a form is “disapproved,” companies must resubmit the form after they make the corrections. For instructions on how to

¹ In most cases, FTB will complete the first review of your form(s) within seven business days of receipt in the Filing Methods Section.

resubmit a “disapproved form,” see “**Submitting Forms to FTB for Approval**” below.

- FTB **does not** review or approve the logic of specific software programs or confirm the calculations entered on substitute and/or scannable tax forms output from software programs. The accuracy of software programs is the responsibility of the software developer, distributor, and user.
- If you submit forms printed from different printers, identify the printer type with a removable note on the front of the form (or write the printer type on the back).

What the Company Should Do for its Customers and Clients

Provide your customers and clients with all of the information and instructions they need to produce accurate substitute and scannable tax forms. The information and instructions that you provide should clearly inform your customers and clients about:

- The hardware requirements they will need to successfully “run” your software product.
- The printer requirements necessary to print FTB-approved forms (including a complete list of printers that your software does **not** support; the printer fonts they will need to print the required graphics, etc.; and how to use printer font cartridges, if applicable).
- How to get software enhancements and the importance of “loading” them to their PCs.
- The importance of registering their business name and address with your company, if applicable.
- The importance of complying with error messages and edit checks, that they may see as a “pop-up” message on their PC screen.
- All other information that helps to ensure they use your software products correctly.
- How to enter taxpayer name and address information in the entity area on all personal income tax returns.

Also, upon request:

- Provide your customers and clients with a copy of your FTB forms approval letter(s).
- Provide a copy of notice(s) of correction(s) to software sent to your customers and clients.

Submitting Forms to FTB for Approval

Before a company submits any forms to FTB for approval, we recommend a review of the pages shown below first. Do not submit forms for review until FTB posts the final version on the CTP Restricted Directory web page. Doing so will reduce delays in the review process.

- “**Forms That Require FTB Approval**” beginning on page 7.
- “**Substitute Tax Forms**” beginning on page 15.
- “**Scannable Form 540**” beginning on page 23.

- “**Guidelines for PIT Scannable Vouchers**” beginning on page 39.
- “**Guidelines for BE Scannable Vouchers**” beginning on page 55.

First Submission

To avoid delays in the review process, follow these instructions:

1. Include a cover letter with **every review package**.
2. If your company’s software product does not support a particular field or field size, etc., indicate this fact in the company’s cover letter. **This is important.**
3. Number of forms that you **must** submit:

Scannable Form 540: Submit 3 different scenarios (3 original samples of each different scenario).

PIT and BE Scannable Vouchers: Submit 3 different scenarios (3 original samples of each different scenario).

All other forms: Submit 2 original samples (same scenario is acceptable).

- Use the scannable Form 540 approval checklist (page 30).
- Use the PIT scannable voucher approval checklist (page 39).
- Use the BE scannable voucher approval checklist (page 57) .
- Include an example of the taxpayer entity information with Forms 540 2EZ, Long and Short 540NR, and 540X. (Use the “**Guidelines for Printing Taxpayer Entity Information for Forms 540 2EZ, Long and Short 540NR, and 540X**” on page 17.)
- **Do not** submit a fax copy on first submission. **Original sample documents are required.**
- Send forms by courier, freight, or UPS to:

**ATTN: SUBSTITUTE FORMS
FILING METHODS SECTION
FRANCHISE TAX BOARD
9646 BUTTERFIELD WAY M/S F 284
SACRAMENTO CA 95827**

4. FTB recommends that you use a courier, freight, or UPS service when you submit your forms for review. This will help ensure that the Filing Methods Section receives your review package on the same day it is received at FTB. If you prefer to use the U.S. Postal Service “regular mail service,” see FTB’s PO Box address on page 14.

Resubmission (Second review for approval)

We will complete the review of your resubmission within 24 hours of receipt within the Filing Methods Section. To avoid delays in any second review process, follow these instructions:

1. Make all corrections identified at first review. Please use our FTB provided *Fax Resubmission Tracking Sheet* or

2. Include a cover letter with your resubmitted review package and indicate in caps, **“RESUBMISSION”** where it can be easily seen. **This is critical.** If your company’s software product does not support a particular field or field size, etc., indicate this fact in the company’s cover letter (or fax coversheet).
3. If you submit forms printed from different printers, identify the printer type with a removable note on the front of the form (or write the printer type on the back).
4. Resubmit your forms by fax only if the FTB-approval letter indicates that you may. If the approval letter does not say **“by fax if desired”** you must resubmit a hard copy document for FTB to review. (In some cases, it may be necessary to resubmit more than one hard copy.) Send your resubmission by courier, freight, or UPS to the address shown on page 13.

What are the Benefits of Following the Guidelines for the Development and Use of Substitute, Scannable, and Reproduced Tax Forms?

The benefits are:

- FTB will be able to complete its review and respond quickly (within seven business days from date received in the Filing Methods Section).
- FTB will be able to process approved CTP tax forms which will result in fast, accurate processing, and quick refunds for your customers’ clients.
- Software companies will have satisfied customers and clients who have confidence in the software product(s) they use.

What are the Consequences of Not Following the Guidelines for the Development and Use of Substitute, Scannable, and Reproduced Tax Forms?

FTB will work with CTPs to correct any errors found on their tax forms during review. However, if software companies release forms that fail to follow the **“Guidelines for the Development and Use of Substitute, Scannable, and Reproduced Tax Forms,”** the FTB:

- Will require the software company contact person to send proof (e.g., revised forms, excerpts from revised user manuals, release letters for new versions of software, etc.) that the company corrected all errors and notified their customers and clients of the corrections;

- Will publish the software company name in **Tax News**, other publications, and FTB Website, stating that the software company did not follow the **“Guidelines for the Development and Use of Substitute, Scannable, and Reproduced Tax Forms.”** FTB will publicize such a violation even if the software company subsequently corrects all errors; and
- May notify taxpayers, if the software company fails to correct all errors, that their refund was delayed because the software company’s tax forms did not have FTB approval.

How Do I Contact FTB Regarding Substitute, Scannable, and Reproduced Tax Forms?

Mail all correspondence regarding substitute, scannable, and reproduced tax forms and related issues to:

**ATTN: SUBSTITUTE FORMS
FILING METHODS SECTION
FRANCHISE TAX BOARD
PO BOX 1468 M/S F 284
SACRAMENTO CA 95812-1468**

For quick answers to questions about the Substitute Forms Program, call (916) 845-3194 or (916) 845-3553.

SUBSTITUTE TAX FORMS

Guidelines for Preparing Substitute Tax Forms

These guidelines are subject to change because of legislative changes, system changes, and procedural improvements.

Instructional Text

Companies may only omit instructional text from their forms. When doing so, please be consistent. Examples of such text are: "See instructions," "Attach to Form 540," and "Attach schedule."

Taxpayer's Last Name and Social Security Number (SSN or ITIN) on Side 2 of Forms 540 2EZ, Long and Short 540NR, and 540X.

Print the primary taxpayer's last name and SSN (or ITIN) in the top margin on Side 2 of substitute Forms 540 2EZ, Long and Short 540NR, and 540X.

Monetary Amounts

Substitute tax forms must include the vertical rule ("penny line") that separates dollars from cents. If the tax software program prints a decimal point that will follow the whole dollar amount, remove the vertical rule. If you remove the vertical rule because the software will print a decimal point, be sure to indicate this fact in **every cover letter** that accompanies each substitute forms review package.

Note: There will be instances where the official form does not include vertical rules. If the software does not program a decimal point to follow the whole dollar amount on these forms, FTB requires the company to include a vertical rule.

Companies may program software to not print cents; however, all monetary amounts entered on the form must follow a consistent format. We strongly urge software companies to round all figures to whole dollar amounts. This follows the official return instructions.

Companies may program software to print a "12-position" dollar amount (includes commas and decimal point) on all California substitute tax forms. FTB will output 9 positions; no punctuation:

Example: 000,000,000.

FTB will process as: 000000000

Unless a specific line instruction requires a zero (-0-), leave the line blank when there is no entry. **Do not** print the word "**NONE**."

Negative Amounts

When printing negative monetary amounts, CTPs must use one of the following formats:

- (a) (549.) (b) -549.

Hand-Constrained Monetary Box Format

All monetary boxes on all 2005 tax forms include 10-point commas and a 12-point decimal point. CTPs that develop 2005 California tax forms for their customers to complete by hand, must include monetary boxes (with the commas and the decimal point) on those forms. Place the 12-point decimal point between the existing last monetary dollar box and the first cent box. Do not alter the space between these boxes to fit the decimal point. (See #4 below for placement of commas and decimal.)

- 1) Box width 0.20
- 2) Box height 0.25
- 3) Line thickness of 204 pixels wide at 200 dpi.
 - a. 2 pixels is 1/100"
 - b. 4 pixels is 1/50"
 - c. 1 point is 1/72"
- 4) Separate field for 2 cents' digits.
 □□,□□□,□□□.□□
 .25 (1/4) line weight rule¹
- 5) Commas are 10-point and the decimal is 12-point

Note: Computer-generated forms including scannable forms and vouchers do not require hand-constrained monetary boxes.

Note: CTPs that design forms for customers to complete by hand must (in bold face) submit those forms to FTB for review and approval before releasing them for use by their customers.

Layout

The layout of any substitute tax form must follow the official form layout. This includes the title, space for the taxpayer name(s) and identification number(s), tax year, captions, line numbers, and line descriptions. See "**Submitting Forms to FTB for Approval**" on page 13 for more information. Also see "**Guidelines for Printing Taxpayer Entity Information for Forms 540 2EZ, Long and Short 540NR, and 540X**" on page 18 for more information.

Each tax form has a unique document ID string (see page 11 for the correct '**Doc ID Number**' to use). If a company wants to combine any forms, they must notify the FTB first.

Software companies may include an explanation next to entries shown on a substitute form or use a supporting statement to explain an entry. If using a supporting statement, it must refer to the entry on the substitute form it supports. In turn, the entry on the substitute form must refer to the supporting statement.

Software companies may modify substitute tax forms that do not require FTB approval, to make them suitable for computer preparation; however, the form must include the bottom line registration marks and document ID string in the bottom margin. Do not make changes that would

¹ If your company cannot program a .25 (1/4) line weight rule, use a 1-point rule.

SUBSTITUTE TAX FORMS

impair FTB's ability to process, review, or store the forms. Please call (916) 845-3194 or (916) 845-3553 with questions about a proposed design change.

Tax software programs may use copies of federal tax forms in place of separate California forms. However, the software must reconcile any California differences. Get FTB Pub. 1006, **California Tax Forms and Related Federal Forms**, for more information. (This publication is revised yearly.) Go to FTB's Website at www.ftb.ca.gov.

Keying Symbols

Keying symbols are codes that FTB's key data operators use to enter tax return information into FTB's automated files. Keying symbols reduce time to enter tax return information. The keying symbols also help to ensure that operators enter the correct information.

Keying symbols on substitute forms must **exactly duplicate** the keying symbols on official forms. FTB will not approve substitute or scannable forms if the keying symbols are not exact. For a list of forms that contain keying symbols see "**Forms That Require FTB Approval**" beginning on page 7. See an example of the keying symbol's shape and size in the graphic that follows. ► ● ■ ◎

Note: The actual symbols and their placement may change from year to year. Example of the keying symbols:

.....	25	_____
► 28	_____	_____
► 29	_____	_____
● 30	_____	_____
► 31	_____	_____
.....	32	_____
.....	33	_____

Source Codes

Use source code "04" in the document ID string on all substitute forms. (Use source code "06" in the document ID string on all scannable forms.) Also, software companies must print "4" in the signature area of Forms 540 2EZ and Long and Short 540NR as shown in the example below.

.....	68	_____
.....	■ 69	_____
.....	● 70	_____
schedules and statements, and		
		4
must sign)	Daytime phone number	
	() _____	

Final Forms on FTB's Internet Website

FTB will post final proofs of tax forms to two different areas on its Website. FTB will post final proofs to its CTP Restricted Directory web page through mid-December each year. After mid-December, FTB will post final proofs to its public access area only. When companies download and print tax forms from the public access area, the form will contain source code "03." It is the

software company's responsibility to change the source code from "03" to "04" at the time the software company adds its three-digit CTP ID. The following example contains all of the components that make up the document ID string for Form 565, Side 1. The **"613" is a fictitious CTP ID**.

For example:

Form 565, Side 1, on FTB's Website will have this document ID: 56505103

Form 565, Side 1, in a tax software product **must** have this document ID: 565051**04**613

Margins

Substitute tax forms **must** have margins on all sides at least as large as the margins on the official forms. Generally, margins on the official forms are 1/2" or larger.

Type Style

FTB designs California tax forms using PageMaker in increments of 6 lines per inch and 10 strike zones per inch. Substitute tax forms must closely resemble the style and type size used on the official forms.

Shading Requirements

FTB shades specific areas on some California tax forms. Substitute forms must include shading in the same areas shown on official forms. **FTB will not approve substitute forms that do not include shading.**

Paper

Print substitute tax forms on good quality, white, standard, stock machine paper (20 lb.). Use paper that is 8 1/2" x 11."

Ink

Use black ink.

Internal Control Numbers

Software companies may no longer print Internal Control Numbers (ICN) in the bottom margin on Side 1 of scannable or substitute Forms 540, 540 2EZ, and Long and Short 540NR. Instead, software companies may print the ICN in the upper right margin above the form number, C1, Side 1 in no larger than an 8-point font. **See "Side 1 – Example of ICN in Top Margin"** on Page 10. On Side 2, software companies may choose to print the ICN, or symbols, in either the top right or left margin or the bottom left or right margin. When using the bottom margin the ICN, or symbols, should print completely away from the bottom line registration marks and document ID string. **See "Example of Bottom Line Registration Marks and Doc ID"** on Page 10.

How to Gain Additional Room on a Form

CTPs may limit captions and line descriptions from the official form to one print line on their substitute form. To do this, use abbreviations and contractions and omit articles and prepositions. Retain key words that make identification of the caption or line description clear. If you need assistance in this area, please call (916) 845-3194 or (916) 845-3553.

CTP ID

The CTP ID is a three-digit number that FTB assigns to each software company who wants to develop and use substitute, scannable, and/or reproduced tax forms. Software companies will keep the same CTP ID as long as they participate in the Substitute Forms Program. FTB will disapprove any substitute and scannable form without a CTP ID.

Developers of Forms Only

Program the software company's CTP ID to print in the upper left-hand corner on each page of each substitute tax form.

Developers of Software to be Used with Another Company's Forms

Program the software company's three-digit CTP ID to print in the last three positions of the document ID string. See **"Bottom Margin Registration Marks, and Document ID Specifications"** on page 9 and **"Samples of Internal Control Number (ICN) Placement, Bottom Line Registration Marks, and Document ID Placement"** on page 10. Also see **"Document ID (Position of contents within the string)"** on page 12.

Developers of Forms and Software

Program the software company's three-digit CTP ID to print in the last three positions of the document ID string. See **"Bottom Margin Registration Marks, and Document ID Specifications"** on page 9 and **"Samples of Internal Control Number (ICN) Placement, Bottom Line Registration Marks, and Document ID Placement"** on page 10. Also see **"Document ID (Position of contents within the string)"** on page 12.

Forms Without Bottom Line Registration Marks and Document ID

Forms without bottom line registration marks and a Doc ID, **must** have the three-digit CTP ID in the upper left-hand margin on all sides of the form.

Guidelines for Printing Taxpayer Entity Information for Forms 540 2EZ, Long and Short 540NR, and 540X

Use the following guidelines to program entity data (taxpayer's name and address area) for substitute Forms 540 2EZ, Long and Short 540NR, and 540X. FTB will not approve the substitute version of these forms without an entity area example.

All substitute entity entry areas begin at print line 6 and end at print line 17.

- Print line 7 allows fiscal year filers to input date (Forms Long 540NR and 540X only)
- Print line 8 is blank.
- Print line 9 begins the taxpayer's entity information (SSNs - City, State, ZIP Code)
- Print line 15 is blank
- Print line 16 is used to input deceased dates for taxpayer and/or spouse; otherwise leave print line 16 blank
- Print line 17 is blank.

See "Entity Area for Substitute Forms 540 2EZ, Long and Short 540NR, and 540X," Record Layout on page 20.

Asterisks in the Entity – THIS IS CRITICAL

Two asterisks (**) on line 1 of the entity indicates to FTB that the taxpayer name(s), address, and social security number(s) (or ITIN(s)) are unchanged from the previous year's tax return. This saves FTB processing time and helps prevent errors.

Users of your product may **only** print two asterisks (**) on line 1 of the entity area if the taxpayer (and taxpayer's spouse, if any):

- Filed a California Form 540, 540A, 540 2EZ, or Long or Short 540NR tax return last year;
- Did not change the address from the one shown on last year's tax return;
- Has the same SSN (or ITIN) as last year;
- Has the same name (first, middle, and last) as last year;
- Has the same filing status as last year; and
- Is not deceased.

We recommend that software products offer a "pop-up" error message (on screen) to prevent users from entering 2 asterisks (**) when any of the above conditions do not exist. This will help ensure FTB updates taxpayer's file correctly.

Note: If there is no spouse name, leave the line blank. If there is no additional address or executor/guardian name, leave the line blank.

To minimize instances where your customers hear from a client about processing problems, your user manual or other product reading material should include:

- "Asterisks in the Entity" as shown on this page.
- "PIT Entity Entry Instructions" as shown on page 19.

PIT Entity Entry Instructions (Forms 540 2EZ, Long and Short 540NR, and 540X)

- Alpha characters must be in upper case.
- Other than the hyphen (-) and slash (/), use no punctuation or symbols in the Street Address field.
See *Taxpayer Entity Information Examples*: JORDAN A TAXPAYER and AUSTIN M TEXAN on page 18.
- **Do not** use commas or periods to separate address information.
- Monetary amounts. See “**Monetary Amounts**” on page 15 for specific details.
- **Do not** space or use punctuation in the Name Control (first four letters of the taxpayer’s last name) field.
- **Do not** include titles or ranks such as DR, MD, ENSIGN, SGT, etc.
- Use Roman numerals (alpha characters) for numeric suffixes that follow the last name.
- Never space in name field(s). **Exception:** Use one space for JR, SR, II, etc., when following the last name.
- The taxpayer and spouse SSN must be 11 digits (includes “-”). Enter “000-00-0000” in the SSN field if an individual has applied for or does not have an SSN. See next bullet.
- Individual Taxpayer Identification Number (ITIN): If a taxpayer has a “TIN,” it should be entered in the SSN field.
- Enter Principal Business Activity (PBA) code, if applicable, (Long Form 540NR only). **Do not** hard code “PBA.” “PBA” must print with the code number (6-digit numeric). Otherwise, leave this field blank.
See *Taxpayer Entity Information Example*: SARAH E LEE on page 18.
- Enter last name of taxpayer and/or spouse, if different from the last name used on last year’s return, in the Prior Name fields. (Example: Marriage in the current tax year changes spouse’s maiden name.)
See *Taxpayer Entity Information Example*: JORDAN A TAXPAYER and KAITLYNN G TAXPAYER on page 18.
- Use standard abbreviations for the suffix of the street name. See “**Standard Abbreviations**” on page 21.
- **Do not** enter apartment and apartment number/letter in the Street Address field. Enter in the designated “Apartment” and “Apartment Number” fields. These fields are on the same line as the “Street Address” field. **Note:** Use these abbreviations in the “Apartment” field: APT, BLDG, SP, STE, RM, FL, and UN.
- Enter Private Mailbox (PMB) and PMB number/letter in the “PMB” and “PMB number/letter” fields (Forms 540 2EZ, Long and Short 540NR, and 540X). These fields are on the same line as the “Street Address” field. **Do not** hard code “PMB.” “PMB” must print with a “PMB number/letter.” If no “PMB” leave both fields blank.

See *Taxpayer Entity Information Example*: MICKEY J BEEHAPPY and LYNN S BEEHAPPY on page 18.

- Additional Address field is a supplemental field used only for: “in care of” name and additional address information. Other than slash(/) use no punctuation or symbols in this field.
- Military “APO” or “FPO” addresses:
 - Enter “APO” or “FPO” in the first three positions of the City field.
 - **Do not** enter the name of the city for “APO” and “FPO” addresses.
 - Enter two-digit state code in the State field:

<u>City field</u>	<u>State Code</u>	<u>ZIP Code Range</u>
APO	AA	34000-34099
APO	AE	09000-09999
FPO	AP	96200-96699 and 98700

See *Taxpayer Entity Information Example*: ELIJAH M MISSION on page 18.

- In the State field, use the standard two-digit abbreviation for the state or United States possession. See “**State or U.S. Possessions**” on page 21.
- If using a foreign address, enter the country beginning in the State field. (The foreign address field overlays the State and ZIP Code fields, plus five additional positions. The overlay area is for the foreign country name and, if applicable, the foreign country’s postal code.)
- The ZIP Code can be 10 digits (includes hyphen “-”).
- Enter “DISASTER,” if applicable. Otherwise, leave field blank. (Taxpayer **must also** write the qualifying disaster name, in red, in the top margin on Side 1 of substitute Forms 540 2EZ, Long and Short 540NR, and 540X.)
- Enter “MILITARY,” if applicable. Otherwise, leave field blank. (Taxpayer **must also** write the qualifying military information, in red, in the top margin on Side 1 of substitute Forms 540 2EZ, Long and Short 540NR, and 540X.)
See *Taxpayer Entity Information Examples*: SARAH E LEE, AUSTIN M TEXAN, and ELIJAH M MISSION on page 18
- Enter taxpayer and/or spouse deceased date(s), if applicable.

See *Taxpayer Entity Information Example*: MICKEY J and LYNN S BEEHAPPY on page 18.

- Apply these guidelines, then truncate if the information exceeds the field length.

Note: To help eliminate those instances when the City, State, and ZIP Code are entered into the City field, add an error check at the end of the City field for numeric characters.

Guidelines for Developing Substitute Schedules K-1 (565 and 568)

All companies (i.e., tax software developers, professional tax preparers, transfer agents, and others) are required to complete and return form FTB 1096, **Agreement to Comply with FTB Pub. 1098**, to develop substitute Schedules K-1 (565 and 568) in a paper or paperless (magnetic media) format (i.e., CD). All companies must conform annually to the provisions of Senate Bill 1724 signed into law on September 30, 2000, and referred to in FTB 1096.

Paperless Schedules K-1 (565 and 568)

Companies submitting paperless Schedules K-1 (565 or 568) on CDs or diskettes, are required to use FTB's free K-1 TestWare.

K-1 TestWare is a tool that pre-edits production files prior to submitting them to FTB. It includes two PC-based programs: K-1 Verify and K-1 Convert. K-1 Verify edits the record layout to ensure the fields are the correct length and position we require; K-1 Convert expands files from a delimited format to a standard fixed-length format.

For more information regarding how to develop substitute paperless Schedules K-1 (565 or 568), get FTB Pub.1062, *Schedules K-1 (565 and 568) Guide for Filing Paperless*. Companies may download a copy of FTB Pub. 1062 and the K-1 TestWare from FTB's Website at **www.ftb.ca.gov** and search for **K-1TestWare** or request a diskette by calling the e-file Help Desk at (916) 845-0353.

Paper Schedules K-1 (565 and 568)

The paper format of Schedules K-1 (565 and 568) may be in either a one-sided or two-sided format. The one-sided format requires the form print only those tax data lines that are applicable to the partner or member. The two-sided format requires all tax data lines to print. Both formats require review and approval from FTB before you release them to your customers.

Claiming Additional Credits on Personal and Business Entity Tax Forms

Form 540 and Long Form 540NR

Follow the instructions below to program additional credits for Forms 540 and Long 540NR. If the taxpayer claims only one or two credits, the credit name, code number (use credit acronyms and code numbers shown on pages 28 and 29), and amount should print on the applicable lines of Form 540 and Long 540NR. When a taxpayer claims a credit on Schedule P (540 or 540NR) and the credit is listed in more than one section, total column (b) of the credits that have the same code number and bring the total forward to the applicable line of the form being filed.

If the taxpayer has any other credits to claim on Schedule P (540 or 540NR), add the amounts from column (b) for those credits and bring the total forward to the applicable line of the form being filed. It is not sufficient to print "See Schedule P" or "Schedule P Attached" in the "credits" area on Forms 540 and Long 540NR. The software **must** bring the credits forward to the applicable line of the form being filed.

It is unacceptable to use the "more than two credits" line or the "total credits" line if the individual credit lines are blank on Forms 540 and Long 540NR.

Form 100, Form 100S, and Form 100W

Follow the instructions below to program additional credits for Forms 100, 100S, and 100W. If the taxpayer claims only one or two credits, the credit name, code number (use credit acronyms and code numbers shown on pages 28 and 29), and amount should print on the applicable lines of Forms 100, 100S, and 100W. When a taxpayer claims a credit on Schedule P (100 or 100W), and the credit is listed in more than one section, total column (b) of the credits that have the same code number and bring the total forward to the applicable line of the form being filed.

If the taxpayer has any other credits to claim on Schedule P (100 or 100W), add the amounts from column (b) for those credits and bring the total forward to the applicable line of the form being filed. It is not sufficient to print "See Schedule P" or "Schedule P Attached" in the "credits" area on Forms 100, 100S, or 100W. The software **must** bring the credits forward to the applicable line of the form being filed.

It is unacceptable to use the "more than two credits" line or the "total credits" line if the individual credit lines are blank on Forms 100, 100S, or 100W.

For a list of current and repealed credits (with carryover provisions), see pages 26 and 27.

SCANNABLE FORM 540

Introduction

These guidelines are for computerized tax processors, tax software developers, computer programmers, and others who develop software that produces scannable Form 540.

Scannable Form 540 will be the **only** computer-prepared format of Form 540, *California Resident Income Tax Return*, that FTB will approve.

Tax practitioners who want to computer-prepare scannable Form 540 for their clients will need to use:

- The software CTPs develop that produce FTB-approved scannable Form 540.
- The personal computer hardware required, by individual software companies, to successfully “run” their software and produce FTB-approved scannable Form 540 (i.e., font cartridges, printers, etc.).
- The instructions to produce accurate scannable Form 540.
- The “**Asterisks in the Entity**” guidelines and “**PIT Entity Entry Instructions**” for taxpayer entity data. See page 24 and 25 for details.

Guidelines for Preparing Scannable Form 540

These guidelines are subject to change due to legislative changes, equipment innovations, and procedural improvements.

Instructional Text

Same as substitute tax forms. See page 15.

Monetary Amounts

Monetary lines in the conventional area of scannable Form 540 must include the vertical rule (“penny line”) that separates dollars from cents. If you remove the vertical rule because your software will print a decimal point after the whole dollar amount, be sure to indicate this fact in your company’s cover letter that accompanies your scannable Form 540 review package. Otherwise, there is a chance that FTB will not approve the form.

Note: Monetary amounts in the scanband of scannable Form 540 **must** be dollars only with no decimal points or other punctuation.

Companies may program their software to not print the cents of monetary amounts in the conventional area of scannable Form 540. However, all monetary amounts entered must follow a consistent format. We strongly urge software companies to round all figures to whole dollar amounts in the conventional area. This follows the official return instructions.

Tax software developers who use another software company’s forms that include the vertical rule must hard code “00” to print on each voluntary contribution line in the conventional area on Side 2 of scannable Form 540.

Companies may program their software to print a “12 position” dollar amount (includes commas and decimal point) in the conventional area of scannable Form 540. In those cases where we must manually process scannable Form 540 returns, FTB will output 9 positions, no punctuation.

Example: 000,000,000.

FTB will process as: 000000000

Unless a specific line instruction requires a zero (-0-), leave the conventional line blank when there is no entry. Do not print the word “**NONE**” in the conventional area or scanband of scannable Form 540.

Negative Amounts

Program negative monetary amounts to print in the scanband as shown below. Do not use brackets in the scanband. **Example:** -549

Layout

See the specifications for scannable Form 540 that begin on page 32.

Keying Symbols

The conventional area of scannable Form 540 must include the current year’s keying symbols. See page 16.

Source Codes

Use source code “06” in the document ID string. Also, software companies must print “6” in the signature area.

Note: FTB will post the advance draft and final proof of scannable Form 540 to the CTP Restricted Directory web page only. This form will not be available on FTB’s public access Website.

Margins

Margins are the same as substitute tax forms. See page 16.

Type Style

FTB designs California tax forms using PageMaker in increments of 6 lines per inch and 10 strike zones per inch. The conventional area of scannable Form 540 must closely resemble the style and type size used on the official “handprint” version.

Shading Requirements

There is no shading requirement on scannable Form 540.

Paper

Print scannable tax forms on good quality, white, standard, stock machine paper (20lb.). Use paper that is 8 1/2" x 11."

Ink

Use black ink.

Internal Control Numbers (ICN)

Software companies may no longer print their ICN in the bottom margin on Side 1 of [scannable or substitute

Forms 540, 540 2EZ, and 540NR (Long or Short)]. Instead, companies may print their ICN in the upper right margin above the form number, C1, Side 1 in no larger than an 8-point font. See **“Side 1 – Samples of Internal Control Number (ICN) Placement, Bottom Line Registration Marks, and Document ID Placement”** on page 10. On Side 2, companies may choose to print their ICN or symbols in either the top left or right margin or the bottom left or right margin. When using the bottom margin the ICN or symbols should print completely away from the bottom registration marks and document ID string. When choosing the bottom margin print your ICN between print positions 6 and 28 on the left and print positions 57 and 80 on the right.

Printing

All printing must be:

- Laser (inkjet and deskjet are acceptable).
- **Courier (12-point)**, standard OCR-A font, or “standard print” font. **Do not use bold font.**
- Original printed output (no corrections). If corrections are necessary, reprint return. Both Side 1 and Side 2 should print out and be included with the tax return to ensure changes made to Side 2 information are captured in the Scannable Band area on Side 1.
- On one side of the paper (**Do not** duplex print, i.e., **Do not** print scannable Form 540 back-to-back.)
- 6 lines per inch.
- Alpha characters must be in upper case.

CTP ID

Same as substitute tax forms. See page 17.

Document ID String

The document ID string is required on scannable Form 540. See **“Bottom Margin Registration Marks and Document ID Specifications”** on page 9 and **“Samples of Internal Control Number (ICN) Placement, Bottom Line Registration Marks, and Document ID Placement”** on page 10 for more information.

Guidelines for Printing Taxpayer Entity Information for Scannable Form 540

Use the following guidelines to print entity data (taxpayer’s name and address area) on scannable Form 540. FTB will not approve forms that fail to follow these guidelines.

Asterisks in the Entity – THIS IS CRITICAL

Two asterisks (**) on print line 10 of the entity indicates to FTB that taxpayer name(s), address, and social security number(s) (or ITIN) are unchanged from the previous year’s tax return. This saves FTB processing time and helps prevent errors.

Users of your software product may **only** print two asterisks (**) on print line 10 of the entity area if the taxpayer (and taxpayer’s spouse, if any):

- Filed a California Form 540, 540A, 540 2EZ, or Long or Short 540NR tax return last year;
- Did not change the address from the one shown on last year’s tax return;
- Has the same SSN (or ITIN) as last year;
- Has the same name (first, middle, and last) as last year;
- Has the same filing status as last year; and
- Is not deceased.

If all of the above conditions **do not** exist, do not print two asterisks (**) on print line 10 of the entity area. The software product should offer a “pop-up” error message (on screen) to help prevent users from allowing the asterisks to print. Failure to follow these instructions may prevent FTB from updating the taxpayer’s file correctly.

Taxpayer Entity Information Examples:

111-11-1111	MISS	**	05	
ELIJAH	M	MISSION		
PO BOX 888				
APO	AP	09876		MILITARY

Note: If there is no spouse name, leave the line blank. If there is no additional address or executor/guardian name, leave the line blank.

To minimize instances where a user may hear from a client about processing problems, your manual or other product reading material should include:

- **“Asterisks in the Entity”** on this page.

- “PIT Entity Entry Instructions” shown below.
- “Mailing and Assembly Instructions for Scannable Form 540” on page 26.

PIT Entity Entry Instructions

- Alpha characters must be in upper case.
- Other than the hyphen (-) and slash (/), use no punctuation or symbols in the Street Address field.
See Taxpayer Entity Information Examples: JORDAN A TAXPAYER and AUSTIN M TEXAN on page 24.
- **Do not** use commas or periods to separate address information.
- Monetary amounts. See “**Monetary Amounts**” on page 23 for specific details on how to enter monetary amounts in the conventional area.
- **Do not** space or use punctuation in the Name Control (first four letters of the taxpayer’s last name) field.
Note: Form 541-ES and form FTB 3563: Name control is the first four letters of the estate’s or trust’s proper name and follows the estate’s or trust’s FEIN.
- **Do not** include titles or ranks such as DR, MD, ENSIGN, SGT, etc.
- Use Roman numerals (alpha characters) for numeric suffixes that follow the last name.
- Never space in name field(s). **Exception:** Use one space for JR, SR, II, etc. following the last name.
- The taxpayer and spouse SSN must be 11 digits (includes “-”). Enter “000-00-0000” in the SSN field if an individual has applied for or does not have an SSN. See next bullet.
- Individual Taxpayer Identification Number (ITIN): If a taxpayer has a “ITIN,” it should be entered in the SSN field.
Note: Form 541-ES and form FTB 3563: The FEIN must be 10 digits (includes “-”).
- Enter Principal Business Activity (PBA) code, if applicable. **Do not** hardcode “PBA.” “PBA” must print only with the code number (6-digit numeric). Otherwise, leave this field blank.
See Taxpayer Entity Information Example: SARAH E. LEE on page 24.
- Enter last name **only** of taxpayer and spouse, if different, in the Prior Name fields. (Example: Marriage in the current tax year changes spouse’s maiden name.)
See Taxpayer Entity Information Example: JORDAN A. TAXPAYER and KAITLYNN G. TAXPAYER on page 24.
- Use standard abbreviations for the suffix of the street name. See “**Standard Abbreviations**” on page 21.
- **Do not** enter apartment and apartment number/letter in the Street Address field. Enter in the designated “Apartment” and “Apartment Number” fields. These fields are on the same line as the “Street Address” field.
Note: Use these abbreviations in the “Apartment” field: APT, BLDG, SP, STE, RM, FL, and UN.

- Enter Private Mailbox (PMB) and PMB number/letter in the “PMB” and “PMB number/letter” fields. These fields are on the same line as the “Street Address” field. **Do not** hardcode “PMB.” “PMB” must print with a “PMB number/letter.” If no “PMB,” leave both fields blank.

See Taxpayer Entity Information Example: MICKEY J BEEHAPPY and LYNN S BEEHAPPY on page 24.

- Additional Address field is a supplemental field used only for: “in care of” name and additional address information. Other than slash(/) use no punctuation or symbols in this field.
- Military “APO” or “FPO” addresses:

- Enter “APO” or “FPO” in the first three positions of the City field.

- **Do not** enter the name of the city for “APO” and “FPO” addresses.

- Enter two-digit state code in the State field:

<u>City field</u>	<u>State Code</u>	<u>ZIP Code Range</u>
APO	AA	34000-34099
APO	AE	09000-09999
FPO	AP	96200-96699 and 98700

See Taxpayer Entity Information Example: ELIJAH M MISSION on page 24.

- In the State field, use the standard two-digit abbreviation for the state or United States possession. See “**State or U.S. Possessions**” on page 21.
- If using a foreign address, enter the country beginning in the State field. (The foreign address field overlays the State and ZIP Code fields, plus five additional positions. The overlay area is for the foreign country name and, if applicable, the foreign country’s postal code.)
- The ZIP Code can be 10 digits (includes hyphen “-”).
- Enter “DISASTER,” if applicable. Otherwise, leave field blank. (Taxpayer **must also** write the qualifying disaster name, in red, in the top margin on Side 1 of scannable Form 540.)
- Enter “MILITARY,” if applicable. Otherwise, leave field blank. (Taxpayer **must also** write the qualifying military information, in red, in the top margin on Side 1 of scannable Form 540.)
See Taxpayer Entity Information Examples: SARAH E LEE, AUSTIN M TEXAN, and ELIJAH M MISSION on page 24.
- Apply these guidelines, then truncate if the information exceeds the field length.

Note: To help eliminate those instances when the City, State, and ZIP Code are entered into the City field, add an error check at the end of the City field for numeric characters.

**Mailing and Assembly Instructions for
Scannable Form 540**

- Preparers should review their clients' tax returns to ensure the name(s), social security number(s) (or ITIN(s)), address, and tax data prints according to the specifications in this guide. They should also be encouraged to check for printer font problems, incorrect Direct Deposit Refund information, and other tax data problems in the scanband that will delay processing. (FTB asks that you help us by encouraging your customers to read and review FTB Pub. 1095D, ***Tax Practitioner Guidelines for Computer-Prepared Returns***. This publication is updated yearly and provides details on how preparers can prepare their clients' returns accurately, using your tax software products.)
- Mail the original tax return.
- **Do not** attach the FTB-supplied label.
- **Do not** duplex print the original (Do not print scannable Form 540 back-to-back.).
- **Do not** mail a photocopy of the original.
- **Do not** make corrections on the original tax return without reprinting. If something is incorrect, make the correction and reprint the entire tax return.
- Sign the tax return in the space provided. If a joint tax return, spouse's signature is required.
- **California Schedule W-2 CG**, Wage and Withholding Summary, is for software companies that support scannable Form 540 [or substitute Forms 540 2EZ, Long and Short 540NR, and 540X.] The tax return will be assembled with Schedule W-2 CG being placed directly behind Side 2, and on top of Schedule CA, if applicable.
- Make check or money order payable to the "Franchise Tax Board" for the full amount. Write the taxpayer's social security number (or ITIN, if applicable), and "2005 Form 540" on it.
- Enclose, but **do not staple**, any payment.
- When required, attach California supporting forms and schedules **behind** Schedule W-2 CG. And, only if required, the supporting federal forms behind the California tax return package.
- **Attach** forms FTB 5805 and FTB 5805F, to the back of the completed California tax return package.
- Leave Side 1 loose and staple the rest of the tax return in the upper-left hand corner.

**Return Mailing Addresses for Scannable
Form 540**

Mail **REFUND or NO AMOUNT DUE** tax returns to:

FRANCHISE TAX BOARD
PO BOX 942840
SACRAMENTO CA 94240-0009

Mail **BALANCE DUE** tax returns to:

FRANCHISE TAX BOARD
PO BOX 942867
SACRAMENTO CA 94267-0009

GUIDELINES FOR SCANNABLE FORM 540

How Must the Form 540 Scannable Band Appear?

The scannable band is a fixed format located on Side 1. The two-digit line numbers in the scanband correspond to the calculation line numbers in the conventional area of scannable Form 540:

- Entries will be in four columns.
- **Courier (12-point)**, standard OCR-A font, or “standard print” font. **Do not use bold font.**
- The first column will start at line 19 at position 8, for a width of 14 printed positions.
- There **must** be 4 spaces between columnar format.
- The width of the 4 columns **must** be 14 printed positions.
- Right justify all dollar amounts and numeric entries. Omit leading zeros.
- Print “0” in fields that contain no data. **Do not print the word “NONE.”**
- Direct Deposit of Refund (DDR) “Routing number,” print line 33. **Must be** nine numeric digits. First two digits **must** be 01 through 12 or 21 through 32.
Note: If a routing number is entered on print line 33, there **must** be a “DDR Account number” at print line 34, and a “DDR Account type” at print line 35; otherwise, **all fields must be blank.**
- **Right justify** “DDR Account number” if less than 17 characters.
- All monetary entries **must** be positive and in dollars only. NO decimal points, commas, or other symbols or punctuation. **EXCEPTION:** For negative amount on line 17, use a minus sign (“-”) to precede the first digit. **Do not** use brackets.
- “0” will indicate “No” and “1” will indicate “Yes” for field numbers “06”, “3800”, “3803”, “SCHG1”, and “5870A”.
- “0” will indicate “No” and “1” will indicate “Yes” for field “5805 5805F” (**5805 is attached**).
- “0” will indicate “No” and “2” will indicate “Yes” for field “5805 5805F” (**5805F is attached**).
- For field “APE”, “0” will indicate a calendar year end and “MMYY” will indicate a fiscal year end (month and year end).
- Use field numbers 28 and 29 for the “Additional Credits.” **The additional credit amount must have a three-digit numeric code preceding the dollar amount.** The acronym name and code number should print on the applicable line(s) in the conventional area of scannable Form 540. For example, “17320” designates a Dependent Parent credit of \$20.
- Use field number 31 for the nonrefundable renter’s credit.

- Use field numbers 42 and 43 for the Child and Dependent Care Expenses Credit (CDC) qualifying individual’s SSN. Use 9 numeric and no dashes. Otherwise, print “0.” Right justify.
- Use field numbers 44 and 45 for the federal CDC claimed amount and CA CDC allowed amount. Otherwise, print “0.” Right justify.
- Tax Preparer ID Number Field Label (print line 25). **Mandatory**, professional products only. Hardcode “TPID” in print positions 62 through 65.
- Tax Preparer ID Number (PTIN) (print line 25). (**Mandatory**, professional products only.) Print “P” directly after “TPID” label (print position 66). Begin the eight-digit PTIN number in print position 68. If no PTIN, **do not** print “P.” Leave print positions 66 through 75 blank. (**Tax Preparer PTIN Example: TPIDP 12345678**) Print the PTIN in the conventional area (Paid preparer signature area) together (P12345678).
- Tax Preparer ID Number (SSN) (print line 25). (**Mandatory**, professional products only.) Begin SSN in print position 67. Do not print dashes. If no SSN, leave print positions 66 through 75 blank. (**Tax Preparer SSN Example: TPID 123456789**)
- Tax Preparer ID Number FEIN field (print line 26). **Mandatory**, professional products only. Numeric, no dashes, right justify. Hardcode “FN” in print position 62 and 63. If no FEIN, leave print position 67 through 75 blank. **To help eliminate those instances when alpha characters are entered in the FEIN field, add an error check at the beginning of the FEIN field for alpha characters.**

Note: Use the first Tax Preparer ID Number field, for the paid preparer’s SSN or PTIN, if entered. If the paid preparer does not enter anything in the SSN/PTIN box, leave positions 66 through 76 blank in the scanband.

Scannable Form 540 Approval Checklist

Entity Data Placement

To get entity data placement approval, submit tax returns that:

- ☐ Have all fields in the correct location (see “**Scannable Form 540 Specifications**” beginning on page 31).
- ☐ Follow “PIT Entity Entry Instructions.”
- ☐ Print the asterisks (see “**Asterisks in the Entity**” on page 24).
- ☐ Do **not** print the asterisks (if taxpayer entity information has changed since 2004.)
- ☐ Maximize all entity fields. **DO NOT FILL FIELDS WITH “X’s.”** If your software does not support the maximum entity field size, indicate the supported field size in the software company’s review package cover letter.
- ☐ Check the “Yes” box for “Federal Return Attachment Required.”
- ☐ Check the “No” box for “Federal Return Attachment Required.”
- ☐ Print example with Private Mailbox (PMB) and number/letter. Left justify number. (Do not hardcode “PMB.”)
- ☐ **Do not** print example of Private Mailbox (PMB) and number/letter.
- ☐ Print example with Principal Business Activity (PBA) Code. **Left justify.** If less than 6 characters, do not populate with “0.” (Do not hardcode “PBA.”)
- ☐ Print example with PRIOR NAME field taxpayer and/or spouse last name only (Your choice).
- ☐ **Do not** print example of taxpayer and/or spouse Prior Name.
- ☐ Print example with “DISASTER” and “MILITARY.”
- ☐ Print example with “MILITARY” or “DISASTER” (Your choice).
- ☐ **Do not** print example of “DISASTER” or “MILITARY.”

Scanband Data Placement. (For details, see and follow “**Form 540 Scannable Band Specifications (Side 1)**” beginning on page 34, and “**How Must the Form 540 Scannable Band Appear?**” on page 27.)

To get scanband data placement approval, submit tax returns that:

- ☐ Have all fields in the correct location.
- ☐ Have matching amounts in the scanband and on the conventional form lines.
- ☐ Have a fiscal year filer.*
- ☐ Have a calendar year filer.
- ☐ Have a positive amount on line 17.
- ☐ Have a negative amount on line 17 (**DO NOT USE BRACKETS**).*
- ☐ Have entries (other than -0-) on line 28 and line 29 (include 3-digit credit code)* (see pages 28 and 29).
- ☐ Have entry (other than -0-) on line 31.
- ☐ Have entry on lines 42, 43, 44, and 45. Max fill all fields.
- ☐ Print “1” in at least two of the check off boxes (i.e., 3800, 3803, SCHG1, and 5870A).*
- ☐ Print a “1” for the check box 5805 (**5805 attached**).
- ☐ Print a “2” for the check box 5805F (**5805F attached**).
- ☐ Print example of tax preparer ID Number (SSN) (print line 25). **Mandatory**, professional products only.
- ☐ Print example of tax preparer ID Number (PTIN) (print line 25). **Mandatory**, professional products only.
- ☐ Print example of tax preparer ID Number (FEIN) (print line 26). **Mandatory**, professional products only.
- ☐ Provide example of the tax preparer ID Number (FEIN) (print line 26) field left blank. **Mandatory**, professional products only.
- ☐ Print example of primary taxpayer deceased date (PDECD) (print line 27).
- ☐ **Do not** print example of primary taxpayer deceased date (PDECD) (print line 27).
- ☐ Print example of spouse deceased date (SDECD) (print line 28).
- ☐ **Do not** print example of spouse deceased date (SDECD) (print line 28).

* If your software does not support this field, please be sure to indicate that information in your company’s review package cover letter.

Scannable Form 540 Approval Checklist (continued)

- ☐ Print example of Direct Deposit of Refund (DDR) (print lines 33, 34, and 35).
- ☐ Print example of DDR Account Number, print line 34, with less than 17 characters. Right justify number.
- ☐ **Do not** print example of DDR.

Line Geometry – Follow “**Samples of Internal Control Number (ICN) Placement, Bottom Line Registration Marks, and Document ID Placement**” on page 10.

- ☐ Bold line at vertical print line 17, horizontal print position 6 through 80.
- ☐ Bold line at vertical print line 36, horizontal print position 6 through 80.
- ☐ Bottom registration mark (2-point rule) line at horizontal position (print positions 6-28; 30-35; 50-55; 57-80 and print line 62).
- ☐ Bottom registration mark (2-point rule) line at vertical positions 35 and 50 and print line 62; end at print line 63.

Conventional Form

- ☐ Vertical rule (penny line) shown on form. (If software product does not support the vertical rule, then your software company’s review package cover letter must indicate that the software will always print a decimal point after the whole dollar amount.)
- ☐ Print Taxpayer’s Last Name and SSN (or ITIN, if applicable) on Side 2 in top margin.
- ☐ Follow “**Guidelines for Preparing Scannable Form 540**” beginning on page 23.

Keying Symbols and Source Code

- ☐ Follow “**Guidelines for Preparing Scannable Form 540**” beginning on page 23.

Page 38 FTB Pub. 1098 2005

Submitting PIT Scannable Vouchers Forms 540-ES, 541-ES, FTB 3519, 3563, and 3582 Approval Checklist

Entity Data Placement

To get entity data placement approval, submit vouchers that:

- ☐ Have all fields in the correct location.
- ☐ Follow “**PIT Entity Entry Instructions**” for scannable Form 540 on page 25.
- ☐ Print the asterisks. See “**Asterisks in the Entity**” on page 24.
- ☐ Do not print the asterisks. (If taxpayer entity information has changed since 2004, do not print asterisks.)
- ☐ Maximize, all entity fields. **DO NOT FILL FIELDS WITH “X’s.”** If your software does not support the maximum entity field size, indicate the supported field size in your software company’s review package cover letter.
- ☐ Print example with Private Mailbox (PMB) and number. Left justify the number/letter if less than 6 digits. **Do not hardcode “PMB.”**
- ☐ Print example without Private Mailbox (PMB) and number.
- ☐ Give example of a fiscal year filer (APE).¹ (Applies to Forms 540-ES, 541-ES, and FTB 3563 only.)
- ☐ Give example of a calendar year filer. (Place single “0” in print position 77.) (Applies to Forms 540-ES, 541-ES, and FTB 3563 only.)
- ☐ **Exception for Form 540-ES and 541-ES only:** When estimate payment amount is unknown, leave “Amount of payment” area blank.

Line Geometry

- ☐ Bold line at print line 49, prints at position 6 through position 80.
- ☐ Bottom registration mark .25-line weight rule at print line 62, prints at position 6 through position 28 and at position 58 through position 80.²
- ☐ Bottom registration mark 2-point rule at print line 62, prints at position 30 through position 35 and at position 50 through position 55.
- ☐ Bottom registration mark 2-point vertical rule at print line 62, end at print line 63, at print position 35 and position 50.

Document ID String

- ☐ Doc. ID (courier 12-point font) prints between position 35 and 50 and print line 63 (Must have at least one blank space before and after string.)
- ☐ Doc. ID is correct (i.e., contains correct form number, tax year, side/page number, source code, and three-digit CTP ID.)

Fiduciary Name Control Guidelines

Used **only** for the PIT Scannable Vouchers Form 541-ES and FTB 3563.

- When the estate or trust name includes a person's name, use the last name for the proper name. **Example:** “Estate of Wanda Sue Wiser” – **Enter: WISE**
- When the estate or trust name includes initials, use the initials for the proper name. Do not use punctuation or space between initials. **Example:** “G.N.R.C Trust” – **Enter: GNRC**
- When only numeric data represents the name of the estate or trust, use the last name of the fiduciary from the name and title of the fiduciary field. **Example:** Name of estate or trust is: “1974#27652TR” and the name and title of the fiduciary is: “Joe Smith, Trustee” – **Enter: SMIT**
- When a “Will of” and a “For” is present in the proper name, use the last name in the “Will of” name. **Example:** “Proper name is Trust Under Will of Sally Hall for John Brown” – **Enter: HALL**
- When Minor or Trust for a Minor is represented in the proper name, use Minor. **Example:** Proper name is: “Irrevocable Minors Tr. for Grace Evans” – **Enter: MINO**
- When a company, church, or foundation is shown as the trust name without a person's name, use the first part of the trust name as the proper name. **Example:** Proper name is “Protestant Episcopal Church Tr” – **Enter: PROT**

¹ If your software does not support fiscal year filers, indicate this in your software company’s review package cover letter.

² If your software cannot support the .25-line weight rule, use a 1-point rule. Indicate the use of the 1-point rule in your software company’s review package cover letter.

Page 54 FTB Pub. 1098 2005

Business Entity Entry Instructions

- Alpha characters must be in upper case.
- Entity ID Number field must be one of the following:
 - Form 100-ES, forms FTB 3539, and 3586**
 - Corporation number - 7 digits, includes leading zeros
 - Form FTB 3538**
 - FEIN - 10 digits, includes hyphen (-)
 - Forms FTB 3522 and 3537**
 - SOS File Number - 10 or 12 digits (If SOS File Number is 10 digits, precede with zeros (e.g., "001234567891"). Number must begin with 19 or 20 (e.g., 200412345678)
 - When the entity has applied for or does not have an Entity ID Number, enter the appropriate number of zeros in the Entity ID Number field. When entering zeros for the FEIN, include the hyphen (i.e., 00-0000000).
- Entity Name Control field must contain the first 4 characters of the corporation, exempt organization, partnership, or LLC name **with these exceptions**:
 - Spell out ampersand (&) as "AND" if (&) is contained in the first 4 characters of the Entity's name. (See *Business Entity Information* Example 1 on page 56.)
 - Do not** space or use symbols or any punctuation, including hyphens (-) and slashes (/). (See *Business Entity Information* Example 2 on page 56.)
 - Do not** use "The" when it is the first word in the Entity's name. (See *Business Entity Information* Example 4 on page 56)
- Enter Form Type Indicator as:
 - Forms 100, 100S, and 100W = 1
 - Forms 109 = 2
 - Forms 199 = 3
 - If more than one form, or no form indicated = 0
- Enter entity name - Use business name, as is:
 - The corporation, partnership, or LLC name may contain embedded spaces, hyphens (-), slashes (/), and ampersands (&). (See *Business Entity Information* Examples 1, 2, and 3 on page 56)
 - Do not** use any other symbols or punctuation in the Business Entity Name field.
- Address Data:
 - Other than the hyphen (-) and slash (/), use no punctuation or symbols in the Street Address field.
 - Do not** use commas or periods to separate address information.
 - Use standard abbreviations for the suffix of the street name. See "**Standard Abbreviations**" on page 21.
- Do not** enter suite and suite number/letter in the Street Address field. Enter in the designated "Suite" and "Suite Number" fields. These fields are on the same line as the "Street Address" field. **Note:** Use these abbreviations in the "Suite" field: STE, RM, FL, BLDG, and UN.
- Enter Private Mailbox (PMB) and PMB number/letter in the "PMB" and "PMB number/letter" fields. These fields are on the same line as the "Street Address" field. **Do not** hardcode "PMB." "PMB" must print **only** when the entity user enters a "PMB number/letter." If no "PMB," leave both fields blank.
- Use the Additional Information field for "Doing Business As" (DBA), "Owner/Representative/Attention" name, and other supplemental address information **only**. Other than the slash (/), use no punctuation or symbols in this field.
- Military "APO" or "FPO" addresses:
 - Enter "APO" or "FPO" in the first three positions of the City field.
 - Do not** enter the name of the city for "APO" and "FPO" addresses. Enter two-digit state code in the State field:

City field	State Code	ZIP Code Range
APO	AA	34000-34099
APO	AE	09000-09999
FPO	AP	96200-96699 and 98700
- In the State field, use the standard two-digit abbreviation for the state or United States possession. See "**State or U.S. Possessions**" on page 21.
- If using a foreign address, enter the country beginning in the State field. (The foreign address field overlays the State and ZIP Code fields, plus five additional positions. The overlay area is for the foreign country name and, if applicable, the foreign country's postal code.)
- The ZIP Code can be 10 digits (includes hyphen "-").
- Apply these guidelines, then truncate if the information exceeds the field length.

Note: To help eliminate those instances when the City, State, and ZIP Code are entered into the City field, add an error check at the end of the City field for numeric characters.

Submitting BE Scannable Vouchers Form 100-ES, forms FTB 3522, 3537, 3538, 3539, and 3586 Approval Checklist

Entity Data Placement

To get entity data placement approval, submit vouchers that:

- ☐ Have all fields in the correct location.
- ☐ Follow “**Business Entity Entry Instructions**” for BE scannable vouchers on page 55.
- ☐ Entity ID Number:
 - ☐ Give an example of corporation number (Form 100-ES and form FTB 3539).
 - ☐ Give an example of FEIN (form FTB 3538).
 - ☐ Give an example of SOS file number **MUST** begin with “19” or “20.” (forms FTB 3522 and FTB 3537).
- ☐ Give an example of *Form Type Indicator* (i.e., “0,” “1,” “2,” or “3”).
- ☐ Give an example of a fiscal year filer [Taxable Year Beginning (TYB) and Taxable Year Ending (TYE)].¹
(e.g., TYB 02-01-05 TYE 01-31-06)
- ☐ Give an example of calendar year filer [Taxable Year Beginning (TYB) and Taxable Year Ending (TYE)].
(e.g., TYB 01-01-05 TYE 12-31-06)
- ☐ Maximize all entity fields. **DO NOT FILL FIELDS WITH “X’s.”** If your software does not support the maximum entity field size, indicate the supported field size in your software company’s review package cover letter.
- ☐ Print an example with Private Mailbox (PMB) and letter/number. Left justify the number/letter if less than 6 characters. **Do not hardcode “PMB.”**
- ☐ Print an example **without** Private Mailbox (PMB) and letter/number.

Line Geometry

- ☐ Bold line at print line 49, prints at position 6 through position 80.
- ☐ Bottom registration mark .25-line weight rule at print line 62, prints at position 6 through position 28 and at position 58 through position 80.²
- ☐ Bottom registration mark 2-point rule at print line 62, prints at position 30 through position 35 and at position 50 through position 55.
- ☐ Bottom registration mark 2-point vertical rule at print line 62, end at print line 63 at print position 35 and position 50.

¹ If your software does not support fiscal year filers, indicate this in your software company’s review package cover letter.

² If your software company cannot support the .25-line weight rule, use a 1-point rule. Indicate the use of the 1-point rule in your software company’s review package cover letter.
